

Alliance Board Works Closely With Council Members

In keeping with their efforts to develop and promote a closer relationship with the O'Hara Township Council and management teams, RIDC Alliance Board members have been making regular appearances at Township offices. Members Dean Genge, Dr. Ray Voller, John Kight, and Jeff Petti have attended O'Hara Township Council workshop and regular meetings, and other Board members are slated to be present in the upcoming weeks and months.

The Alliance hosted members of Council and Township Manager Julie Jakubec for a breakfast meet and greet back in August, and since then has maintained open and frequent lines of communication with the Township regarding traffic and safety concerns, litter, and other Park issues. The Board will continue to act as liaison with government to resolve any new or outstanding concerns within the Park.

In the following months, the Board also intends to work closely with Township leadership, the police force, and other first responders to develop and implement a disaster-related and emergency contingency plan.

We Invite Your Feedback!

If you are aware of any safety, logistical, or transportation issues, please contact the RIDC Alliance Board through their website or Facebook page, or reach out to a Board Member to directly express your concerns.

Great News for RIDC Park!

If you enjoy that lunchtime walk around the loop, you'll be thrilled by this! A preliminary review of the proposed O'Hara Township budget shows RIDC Park will receive funds to extend the walking trail within the Park roughly 20 feet. The RIDC Alliance Board will continue to work with Council Members to develop and enhance the trail, with a direct focus on the safety and welfare of Park walkers.

Additionally, new trash receptacles have been added to bus stops within the park following a request from the RIDC Alliance Board. Let's continue to work together to keep the Park's aesthetic pleasing and clean!

Did you see?

RIDC Park residents officially have a new lunch venue. The Blue Elephant Café is now open! Stop in at 150 Gamma Drive to try some of their fabulous coffee and unique sandwiches. Or, check out their website,
